

# MCA 80% sol. In water

Monochloroacetic acid

Monochloroacetic acid for use as an essential raw material for a variety of products, such as carboxymethyl cellulose, adhesives, pharmaceuticals and crop protection chemicals.

CAS number  
79-11-8

Molecular weight  
94.5

Concentration  
80%

Molecular formula  
C<sub>2</sub>H<sub>3</sub>O<sub>2</sub>Cl

## Specifications

|                       |                                    |
|-----------------------|------------------------------------|
| Monochloroacetic acid | ≥ 80.0-81.0 % w/w                  |
| Dichloroacetic acid   | ≤ 0.2 % w/w                        |
| Acetic acid           | ≤ 0.2 % w/w                        |
| Iron                  | ≤ 5 mg/kg                          |
| Appearance            | Clear and free of suspended matter |

## Characteristics

|         |                        |
|---------|------------------------|
| Density | 1.34 g/cm <sup>3</sup> |
|---------|------------------------|

## Applications

Main uses include production of: MCA esters, carboxymethyl cellulose, carboxymethyl starch, thioglycolic acid, crop protection chemicals (MCPA, 2,4-D, dimethoate, glyphosate), cyanoacetic acid (incl. esters), barbiturates, malonic acid (incl. esters and derivatives), vitamins, sequestering agents (EDTA), glycine, dyes (indigo and derivatives), chloroacetylchloride (CAC), surfactants

## Packaging and transport

MCA, 80% solution in water, is in general only transported in bulk. Because of the restricted temperature limits, insulated and/or temperature controlled containers are used. Transport can take place both by road and rail.

## Safety and handling

See our Safety Data Sheet for the latest information regarding safety and handling.

All information concerning this product and/or suggestions for handling and use contained herein are offered in good faith and are believed to be reliable. Nouryon, however, makes no warranty as to accuracy and/or sufficiency of such information and/or suggestions, as to the product's merchantability or fitness for any particular purpose, or that any suggested use will not infringe any patent. Nouryon does not accept any liability whatsoever arising out of the use of or reliance on this information, or out of the use or the performance of the product. Nothing contained herein shall be construed as granting or extending any license under any patent. Customer must determine for himself, by preliminary tests or otherwise, the suitability of this product for his purposes. The information contained herein supersedes all previously issued information on the subject matter covered. The customer may forward, distribute, and/or photocopy this document only if unaltered and complete, including all of its headers and footers, and should refrain from any unauthorized use. Don't copy this document to a website.
